Gentle, lightweight comfort.

We measured hundreds of heads to engineer a headset that's ultra-lightweight and extremely comfortable, with a reinforced steel headband and a new design that exerts gentle, evenly distributed pressure. Because all-day comfort means all-day productivity.

Flexibility you can rely on.

With a reinforced steel headband and slider, and significantly enhanced protection of both internal and external components, this headset can go with you wherever you go, for maximum lifetime value and reduced replacement costs.

The new standard of easy listening.

Professional-grade 40mm speakers and an advanced digital chipset that's three times more powerful, for exceptional audio quality. Enjoy truly outstanding sound that's engineered for modern working. With E20D, calls always sound great, wherever you are.

Make good calls when it matters

The incredible call performance of our E series is now even better; E20D is a corded headset with an advanced digital chipset and strategically placed professional microphones, for 35% less background conversation noise on your calls.
